Why Bite Size?

It is our primary joy to equip people in the prophetic. We have a 7 month school that runs between March and October annually. However, we recognise that a 7 month school is a big commitment. Hence, we have created SOP bite size for those that want to get a glimpse of what School of Prophets is about, or for those, where committing to 7 months just isn't an option due to time and other needs.

We have taken a few of our foundational topics and put them into little bite size teaching for ease of listening, as well as enabling you to immediately apply the principles to your heart and life.

Although we can't possibly cover anything close to what we do in the full school, we hope our time together is one of discovering His voice, not just for other people but for ourselves personally.

We trust and believe that this time will be a time of encounter and transformation.

Core Values of SOP Bite Size

The core values for School of Prophets are as follows:

- Each student begins a journey in understanding of the Father's love. They know that they are a son or daughter of God and that they have a Father who loves them unconditionally.
- Each student begins a journey to know how to hear His voice and are confident in their Father's nature to encourage, strengthen, and comfort the people around them.
- As a result of receiving the Father's blessing, students can live a life of blessing to others through prophetic ministry.
- We are created in the Father's image, thus each students' lives and character will grow to reflect that of Jesus in their daily life and ministry.
- Each student begins a journey in understanding that the Father's love is the foundation of life and ministry. The words given by these students will display His love and convey His heart.

The school is designed to help be a catalyst into your prophetic journey, as we dive deeply into core teachings that are foundational in growing in a prophetic lifestyle.
